

University Place Facilities - Guidelines during COVID-19 Pandemic

The following Guidelines have been created to allow the University Place Neighborhood Association to operate the Charleston and the Seven Oaks facilities during the current COVID-19 pandemic. These guidelines have been developed using CDC Guidance and in consult with our HOA Attorney and Insurance Agent.

The facilities will be open as usual, dawn to dusk. The number of people at each pool during any given hour will be restricted to 20 at Charleston Pool and 15 at Seven Oaks Pool. Residents may use either facility for a 2-hour time limit to help us accommodate as many residents as possible. (Note: Time will be monitored through the Pool Fob and Security System. We appreciate your cooperation in advance.)

No Pool Party registration will be permitted at this time.

All community furniture: loungers, chairs, tables, and umbrellas, will be unavailable for use in line with the CDC Guidelines. Please feel free to bring your own chair(s), umbrellas, etc. and remove as you leave the facilities.

- No guests are permitted at this time. Residents **ONLY** due to our need to limit the number of persons at each facility.
- Residents understand and agree to abide by the rules and regulations governing safe and lawful operation of the swimming pools during the COVID-19 pandemic and assume responsibility for all dependent minors using the facilities.
 - Practice Social distancing
 - Showering and hand washing before entering the pool
 - Cleaning of surfaces used and touched (gates, doorknobs, sink knobs etc.)
 - 2-hour time limit

By swiping your key fob to access the facilities, you are agreeing to abide by this rule put in place to ensure the safety of all residents using University Place's amenities.

We are each responsible for ourselves but also for each other during these difficult times. We appreciate everyone's cooperation to ensure that our pools can remain open!

THANK YOU for your cooperation!!!

Your HOA Board of Directors
